I would like one area code (585) for all of Farmington, N.Y.
For years we have been trying to call the sherriffs office, ambulance, electric
company and many other emergency numbers without
having to dial 11 numbers. When I dialed 911 one time I got the
Wayne county 911 center but I live in Ontario county. I can't even
call my neighbor next door without dialing 1-(585)-924-XXXX (11 digits). Please
give us the 585 area code to make our lives easier. Thank you.
